## Diamond-Cutter

All Purpose Alkaline Powdered Detergent

**Description:** Diamond-Cutter is an economical detergent formulated with alkaline builders, water softening agents, rinse agents, and biodegradable surfactants. It is an excellent truck wash and car wash high ph presoak detergent. Diamond-Cutter is a pink granulated compound with a mild odor.

**Application:** Diamond-Cutter should be desolved in water at a ratio of 1lbs Diamond-Cutter to 30 lbs of water. It should be applied at a final dilution rate of approximatly 10:1 to 15:1 depending on soils and water quality. It can be applied through either an upstream or downstream chemical injection system. Diamond-Cutter works well with either hot or cold water. It is safe to use on all mirrored metal and painted surfaces.

## Typical Properties:

Specific Gravity	1.03
