## MC-RX

### Vehicle Surface Protectant

**Description:** MC R-X is a new spray-on agent providing excellent glass and paint protection. It is formulated with latest polymer technology to provide shine, protect surfaces and provide long lasting rain and snow repellency. It is a superior drying agent as it forms large water droplets for easy spot free blow off. MC R-X is a yellow liquid with a variety of pleasant scents.

**Application:** MC R-X can be applied through an up or down stream injection system. It can be used in most automatic car wash systems. It can be diluted 1:240 when applied through a touchless arch system or 1:300 using a self serve wand.

### Typical Properties:
