## PRODUCT NAME

# Aluma Bright

### Description:

Aluma Bright is a highly concentrated acidic cleaner. Aluma Bright is formulated with a superior blend of surfactants and hydrofluoric, sulfuric, and phosphoric acids. Aluma Bright is a bluish green liquid with a strong acidic odor.

### Application:

**WARNING:** this product should be used only by properly trained individuals wearing protective equipment.

Aluma Bright will clean and degrease aluminum surfaces removing all oxidation leaving the surface bright and shiny without streaking or blackening. It is used to clean trailers, flatbeds, aluminum equipment. Aluma Bright should be applied with an acid pump or a down stream injector only. It should be applied to aluminum surfaces at a dilution rate of 50 parts water to 1 part Aluma Bright. Aluma Bright is an excellent stainless steel cleaner when diluted 150 parts water to 1 part Aluma Bright.

**NOTE:** This product should not be used on highly polished aluminum surfaces.

## TYPICAL PROPERTIES:

- SPECIFIC GRAVITY 1.04
- PH (AS IS) <1.0
- FLASH POINT NA
